7 February 1980

MEMORANDUM FOR: Deputy Director for Administration

FROM: Bruce T. Johnson  
Director of Data Processing

SUBJECT: ODP Report for Week Ending 6 February 1980 (U)

ODP Management Conference (U)

D/ODP and his deputies held a management conference with ODP Division and senior Staff Chiefs at [REDACTED] from 3-6 February 1980. The primary agenda topics were personnel management and career development. D/ODP kicked off the conference by briefing the group on EXCOM decisions related to the NAPA Report recommendations and their probable impact on ODP. This was followed by presentations by Division Chiefs in which they discussed personnel management issues of concern to them and their people. After identifying areas of common concern, the Division Chiefs returned to Headquarters on 5 February. D/ODP, his deputies, and senior staff remained until 6 February to draft the outline of a career development program to be developed by the major components of ODP. Everyone agreed that the conference was a useful first step in consolidating and articulating ODP's career development and personnel management programs. (U)
